

DEGREE CHARTS

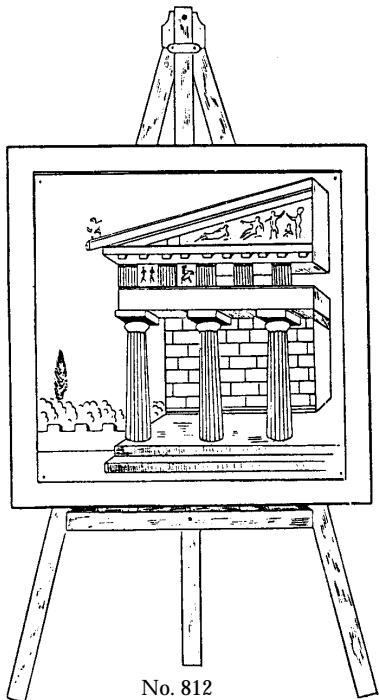

No. 800

THE ONLY CORRECT CHARTS FOR CANADIAN OR ENGLISH WORK

Separate chart for each degree, approximately 24 x 36 inches, lithographed in FULL COLOUR, mounted on cotton backing with wood roller at top and bottom.

To avoid wear and costly replacement, we recommend framing like a picture.

Also available, Sherer's charts for American Work.

No. 812

MASTER'S TRACING BOARD

No regulation design is required. Any illustration of a portion of ancient architecture is appropriate. Usually a black and white drawing by one of the skilled members of the Lodge. Art work supplied on request. We suggest mounting drawing on plywood or masonite.

Because of the size and shipping costs of the easel, it may be more convenient to obtain this from your local school supply house.
